## Abstracts Design Requirements

Abstracts proposed for publication must be original, not previously published. All submitted abstracts are checked for plagiarism (via <http://antiplagiat.ru>). **Originality of the text must be at least 80 % of the total volume of the article.**

**Volume:** 2-3 full pages. This volume includes tables, figures, and references.

**Requirements for design:** A5 sheet format, Times New Roman font, size 10 pt, paragraph indentation 1.25, 1 space, no page numbering. Page borders: left, right, top, bottom - 2 cm.

### Sequence of placement of materials in the abstracts:

- 1) title of the article (in the center, font – all large, bold);
- 2) initials and surname of the author(s) (in the center);
- 3) the name of the organization, the city and country in which it is located;
- 4) text;

5) list of references. It is not recommended to use more than three Internet sources. The list of references does not include unpublished works, textbooks, textbooks and analytical materials of conferences.

In the text of abstracts references to sources are indicated by square brackets indicating the ordinal number of the source in the list and through a comma – page numbers, e.g. [5, p. 115].

**Figures:** e.g. Fig. 1. Name – in the center, font - normal.

**Tables:** e.g. Table 1 – to the right edge; font - normal; the name of the table is in the center, the font is normal. Other design of literature, figures and tables is not allowed.

The texts of the reports are printed in the author's edition, so the abstracts should not contain grammatical and syntactic errors.

Abstracts **will be rejected** if they:

- do not meet the requirements;
- fail the test for plagiarism;
- have the originality of less than 50%;
- are submitted later than the deadline.
